An Enchanted Spring Garden

2023 Spring Tablescapes Showcase

Benefitting

Little Hands Virginia

April 26th & 27th

WELCOME

Welcome to "An Enchanted Spring Garden," the inaugural Spring Tablescapes event benefitting Little Hands Virginia! We are excited to gather together today to showcase the creativity, talent, and inspiration of Virginia's design community, as well as the growth and impact that Little Hands has had in Virginia in just four short years.

In 2019, I launched Little Hands in my garage. Today, we have two office spaces with ample floor-to-ceiling storage, a network of over 60 partner organizations helping to identify children in need of support, and an army of over 200 volunteers who inventory donations, wash clothing, and deliver items directly to families.

Together, we served over 2,000 children in Central Virginia last year, and it is the huge hearts and support of our community that made this possible.

Little Hands Virginia is the only organization in our region solely dedicated to supporting the youngest members of our community and their families. We are working to change trajectories. By ensuring that economically disadvantaged children from newborn to three years old - critical growth and development years - have the essentials they need from birth, we can help improve outcomes for life.

This year, we are on pace to support over 3,000 children in our region, while actively working to expand to two additional regions in Virginia.

Your support of the Spring Tablescapes Showcase will help us meet the needs of our community this year and continue to deepen our impact in 2024 and beyond!

With gratitude,

Taylor Keeney
Founder & Executive Director, Little Hands Virginia
